OUR SERVICES

- Project Management
- Mechanical
- Electrical
- Plumbing
- Process Piping
- Fire Protection
- Structural
- Technology & Security
- Energy

PROJECT DELIVERY

- Design-build (DB)
- Design-bid-build (DBB)

IDIQS

- VISN 8 Architect Engineering MATOC
- VISN 5 Multi-Award Architect/Engineer
- IDIQ Contract Opportunity (Area 1)
- VISN 5 Multi-Award Architect/Engineer
- IDIQ Contract Opportunity (Area 2)

ABOUT US

Above the Standard. Above Expectations.

Above Group, Inc. is a dynamic, diverse, and multifaceted team of engineers and scientists specializing in leveraging technical expertise to design highly technical building systems for high performance. Founded in 2014 as a CVE-verified Service-Disabled Veteran-Owned Small Business (SDVOSB), Above Group supports government, education, healthcare, industrial manufacturing and warehousing, life science, and aerospace market sectors. Our team of 37 has performed work for nearly 500 projects in 30 states spanning more than 4 million square feet and over \$400 million in construction costs.

OUR CLIENTS

US Army Corps of Engineers®

CLIENT KINDNESS

"Above Group's level of service was above expectations! They are not only thorough but also easy to work with and always willing to take the time to discuss my concerns and respond to questions."

Michael Manning
NOTU Facilities, United States Navy

"Above Group has been very professional and has offered creative and often time-saving responses to any issue. Very responsive and easy to work with, providing an excellent product and far exceeding the expectations of this contract."

Jacalyn Hainey
Department Of Veterans Affairs

Above Group's In-house Capabilities

We specialize in leveraging technical expertise to provide you with the best solutions for the challenges you face. Whether it's designing a common building system to meet current codes or engineering a state-of-the-art clean room to ensure a precise environment, we have you covered. Our goal is that every interaction with us is above your expectations.

MECHANICAL

- Heating, Ventilation, and Air Conditioning Systems (HVAC)
- Air Distribution Systems
- Exhaust Systems
- Dust Collection Systems
- Direct Expansion (D/X)
- Air Cooled & Water Cooled Chilled Water Systems
- Steam Systems
- Heating Hot Water Systems
- Central Plants

ELECTRICAL

- Power Distribution Systems
- Interior and Exterior Lighting Design
- Photometric Analysis
- Emergency and Exit Lighting Design
- Lightning Protection Systems
- Fire Alarm Systems
- Outlets & Raceway Systems for Voice & Data
- Arc Flash Studies

PROCESS

- Compressed Air Systems
- Vacuum Systems
- Gas Commodity Piping Systems
- Tooling
- Ground Support
- Equipment Systems
- Hazardous Piping Systems

PLUMBING

- Domestic Cold and Hot Water Systems
- Service Water Heating Systems
- Domestic Waste and Vent Systems
- Fuel Gas Piping Systems
- Storm Water Systems
- Fire Protection Performance Based Specification
- Hydraulic Calculations
- Sprinkler Layout

FIRE PROTECTION

- Performance Based Specification
- Hydraulic Calculations Sprinkler Layout

STRUCTURAL

- Seismic Design and Analysis
- Retaining Walls
- Foundations
- Industrial Support:
- Mezzanines and Platforms
- Monorails
- Jib Cranes
- Bridge Cranes
- Equipment Foundations for Dynamic and Static Loads
- Corrosion Reports and Studies
- Vibration
- Single and Multi-Story Buildings (Structural Steel, Masonry, Concrete and Timber)
- Stress and Fatigue Analysis

TECHNOLOGY & SECURITY

- Voice and Data Networks
- Wireless LAN Surveys and Design
- Distributed Antenna Systems (DAS)
- Data Center Infrastructure
- Classified Cabling Systems
- Telecommunications
- Space Planning and Layouts
- Access Control Systems
- Intrusion Detection Systems
- Security Surveillance Television (SSTV) Systems
- Vehicular Barriers and Control
- Anti-Terrorism
- Force Protection (ATFP) Design
- Separate Compartmented Information Facility (SCIF)
- Video Conferencing
- Corporate Conference Rooms
- Collaboration Spaces & Auditorium Design
- Digital Signage & Video Wall
- Control Integration & Sound Reinforcement

ENERGY

- Commissioning
- Energy Modeling
- Energy Engineering
- Sustainability Consulting
- Energy Studies
